

Showroom Wall Letters

Large GMC Logo Installation Guide

Supplies Required:

- Molded Logo / Letters (included)
- Paper Template (included)
- Printed color inlays (included)
- Masking tape (removeable)
- Level
- Tape measure
- Wall fasteners (drywall screws suggested)

Additional Information:

Overall installed size is **5 ft. 3-3/4 in. x 11-3/8 in.**

Clean any fingerprints with a clean damp cloth after installation

Installation

1. Make sure mounting surface is clean and confirm that the wall material is suitable for screw attachment.
2. Measure the wall area and compare dimensions with paper template to determine location on wall.
3. Tape template to wall, check centerline and level.
4. Mark twelve hole mounting locations through the template with a small nail or pin.
5. Remove paper template from wall.
6. Position plastic letter on wall aligned over the pin markings or pilot holes.
7. Drive screws through the existing mounting holes into wall (four per letter).
8. Repeat for each letter.
9. Peel backing off of each printed color inlay and apply to recessed surface of each letter. This covers and conceals the screws.
